

SUPPORT FOR CHILDREN AFFECTED BY DOMESTIC ABUSE.

Has a child at your school had **two or more Operation Encompass Reports**? Do you think they may benefit from speaking to a professional Counsellor?

We can provide free 1-2-1 counselling sessions for children and young people aged 5-18 years old who have witnessed and/or experienced domestic abuse. All we need is a parent/guardian's permission if the child is under 11yrs old, or the child's consent if they are 11+.
